

All bathtub dimensions are $\pm 1/2$ ".

DIMENSIONS

72" x 32" x 28" deep (1830 x 810 x 711 mm)

Gallons to Overflow = 60 (Liters = 227)

ELECTRICAL REQUIREMENTS

Americh recommends one 20 amp ground fault circuit interrupter (GFCI) for each power supply provided with the bathtub.

With spa-goers enjoying the pampering pleasures of day spas and destination spas in ever-increasing numbers, more homeowners have been inspired to create their own personal spa retreats. Americh Contura is a luxury bathtub that speaks to this desire, offering a dynamic focal point with sensual shapes and unexpected details.

The freestanding design of Contura stretches the bathroom beyond its basic function. Enveloping the bather in ergonomic comfort, gracious curves feel alive, not static. Contura is sculpture for the bath.

Measuring 72 inches long x 32 inches wide x 28 inches deep, Contura is available as a still soaking bathtub or with an Airbath system.

Please contact us if you need any literature updates or would like an Americh catalog.
